

EduTracker ERP: Comprehensive User Workflow Manual

This guide walks a new user (Admin/Principal/Staff) through the end-to-end operation of the app.

Phase 1: Onboarding & Configuration

Before you can manage students, you must set the school's "identity" and "rules."

1. **Configure School Identity:**
 - Navigate to **Settings > School Profile**.
 - Upload your Logo, set the Institution Name, Address, and current Academic Year.
 2. **Define Academic Rules:**
 - Go to **Settings > Academic Settings**.
 - Add your **Classes** (e.g., Grade 1, Grade 2).
 - Add your **Subjects** (e.g., Math, Science).
 - Add **Exam Types** (e.g., Mid-term, Final).
 3. **Define Grading Rules:**
 - Go to **Settings > Grade Scale**.
 - Add rules for how GPA is calculated (e.g., 80-100% = A+ / 4.00 GP).
-

Phase 2: Staff & Student Registration

1. **Create Staff Accounts:**
 - Go to **Settings > User Management**.
 - Invite your Accountant, Teachers, and Principal. Assign their roles carefully.
 2. **Register Students:**
 - Navigate to **Students**.
 - Click **Register Student**. Fill in all details.
 - **Crucial:** Upload a **Profile Image URL** so their ID cards and report cards are branded.
-

Phase 3: Financial Operations (The Fee Cycle)

This happens at the beginning of every month.

1. **Set Pricing:**
 - Go to **Finance > Fee Setup**.

- Set the monthly price for each Fee Category (e.g., Tuition, Bus) for each class.
 - 2. **Issue Bills (Vouchers):**
 - Click **Generate Monthly Vouchers**.
 - Select the Class and Month. The system will bill every student in that class instantly.
 - 3. **Collect Payments:**
 - Go to **Finance > Vouchers**.
 - Search for a student. Click the green **Wallet icon**.
 - Enter the amount paid (Cash/Check) and click **Confirm**.
 - 4. **Issue Receipt:**
 - In **Vouchers** or **Payments** tab, click the **Eye icon** or **Printer icon**.
 - Print the dual-copy receipt (Page 1 for Office, Page 2 for Student).
-

Phase 4: Academic Operations (The Exam Cycle)

1. **Record Attendance:**
 - Go to **Attendance**. Select Class/Section.
 - Mark status and click **Save**. Parents will be notified if alerts are on.
 2. **Enter Exam Marks:**
 - Go to **Marks**. Select Exam and Subject.
 - Enter scores and click **Save**.
 3. **Generate Report Cards:**
 - Go to **Reporting Center > Report Cards**.
 - Select a student. Click **Generate Report**.
 - Review the auto-calculated GPA and Grades.
 - Click **Download PDF** for a professional branded copy.
-

Phase 5: Administration & Maintenance

1. **Print ID Cards:**
 - Go to **ID Cards**. Select a Class.
 - Click **Print All Cards** to generate an A4 sheet of vertical student IDs.
 2. **Data Safety:**
 - Go to **Settings > Database & Backup**.
 - Click **Backup Now** once a week to safeguard your data.
 3. **Audit Logs:**
 - Go to **Audit Logs** to see a history of every change made by staff members.
